ALIGNING WORDS TO ACTIONS

Biography

Dr. Ebony Green is a child of humble beginnings. She lost her father at the age of 7 and struggled to make sense of the loss. Growing up in rural northwest New York, she knew she was different. She spent her childhood struggling to fit in, and dreamed about changing the world by creating a space where everyone could fit regardless of difference. She has since devoted herself to creating containers of learning, peace, joy, and happiness for children and adults.

Dr. Green is a teacher, principal, district leader, and nationally recognized champion of inclusion. She draws on over 25 years of experience in leading organizations and people into deep introspection and building confidence to change. She has an intuitive ability to create conditions of safety for vulnerability, deep reflection, and dreaming big for students, staff, and institutions. She is deeply skilled in helping people understand complex ideas and simplify such in a way that everyone, irrespective of difference, can find a space to connect, learn, grow, and build.
